

PACEJET INTEGRATION

Fully Connected Shipping

Get the Best Rates for Every Shipment

The SalesPad[®] Pacejet Integration brings fully connected shipping services to your distribution management software, ensuring each shipment that leaves your warehouse is on time and on budget. Experience reliable, intuitive, and powerful shipping procedures that lighten your shipping team's workload and ensure 100% accuracy, every time.

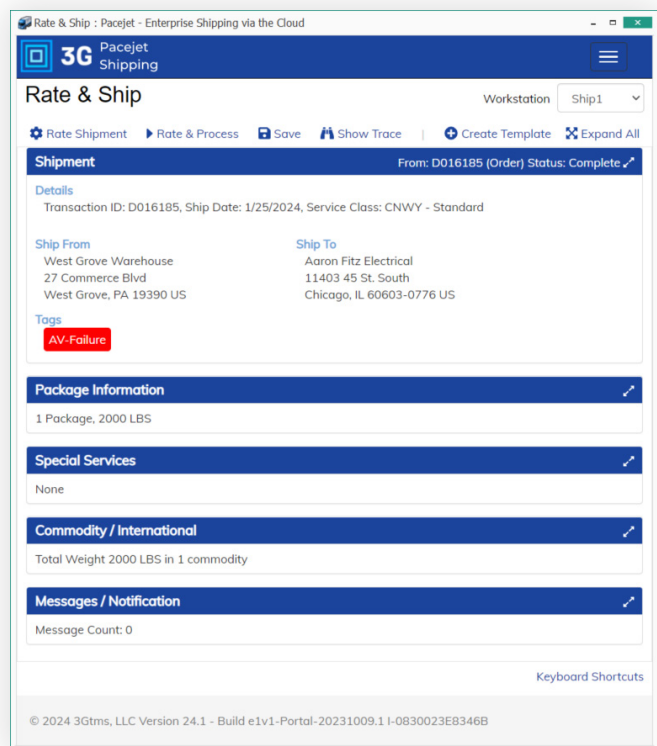

Implement the Pacejet Integration to

- Prioritize excellent customer service and a competitive advantage in shipping
- Integrate your ERP with shipping carriers in real-time
- Save money by finding the best price for every shipment
- Save time by configuring automated fulfillment workflows

Pacejet in Action

Pacejet works throughout your distribution cycle, automatically syncing data as sales are closed, so you have all the information you need to get orders out the door quickly and accurately. Save time you would have spent on manual tasks like validating a customer's mailing address, check each carrier for costs and timelines, and forwarding the buyer and CSR tracking information—all these actions can be automated to eliminate delays and waiting waste.

-  Fewer clicks
-  Better shipping rates
-  Automated workflows
-  Improved customer service

Shop carrier rates and automatically sync shipping information to your orders directly within SalesPad[®]

Key Features

- Create Pacejet shipments within SalesPad®
- Map in user-defined fields from SalesPad
- Rate shop: Quickly compare carrier rates for the best price
- Freight auditing: Identify areas for potential savings
- Sync quotes, shipments, and void notifications

Pacejet

Pacejet is a cloud-based packing and shipping platform that integrates with ERP systems to adapt to your business. In practice, this looks like fully connected and automated packing and shipping, freight and parcel, and domestic and export shipments. Pacejet's expansive LTL support includes over 60 carriers, as well as management of changes in linkages and rates from year to year. With Pacejet in your corner, you can meet every customer demand, and improve efficiency and performance while you're at it.

“Pacejet has helped us to shop free, [and it] keeps everybody in the know on tracking as well as our customers and our customer service reps.”

- **Vicki Doty**, Chadwell Supply
