

# AVALARA INTEGRATION

Automate your tax processes with ease

## What is Avalara Integration?

SalesPad's<sup>®</sup> Avalara Integration is a game-changing tax automation tool that saves users valuable time and offers 100% accuracy every time. Avalara Integration automatically calculates tax and maintains the user's tax schedule, in addition to its address validation capabilities.

## You should use Avalara Integration if:

- You expend significant resources on tax calculation and managing your tax schedule
- You're interested in accurate, efficient tax calculation
- You want a user-friendly, no code solution for your tax processes

## What does it look like in action?

Avalara Integration enables AvaTax within SalesPad to quickly and easily calculate tax and manage your tax schedule. Address validation is also available with the integration for any address on a Customer Card and any Ship To address for a sales document. Easily manage your tax information and automate your tax calculation to ensure accuracy and efficiency across your business.

## How can I expand my software tool kit?

SalesPad's Avalara Integration is just one tool in your software tool kit. Build out your complete distribution software solution with Salespad's additional features and modules — including next-level functionality like automated tasks and workflow, CRM tools, EDI, barcoding, and more. Elevate every process of your distribution management, from selling to order fulfillment to shipping and payment collection, and accelerate their efficiency by uniting them under one powerfully flexible solution.
